# Running out of Marlboro is conduct unbecoming an officer and a gentleman.

It just makes good sense not to run out of Marlboro. It's the fastest-growing brand in America. In the first six months of this year, Marlboro sales on military bases increased an incredible 20%. In fact, Philip Morris sales of all brands were up 16%.

With a sales record like this, check your stock frequently and don't risk the loss of sales due to being out-of-stock.
